Club 100% on Vacation!

The Club 100% is open every day on vacation until February. Or when school classes again. The reason is because the current members are students and we have some issues with this as a problem in class schedules.

News

New Language

From this month a new language is included in Journal 100% and this language will be English as a second language and do not worry Brazilian Portuguese will not be supported.

XPS

This is the first issue that must XPS, so if your computer has support for XPS, we ask that you read this edition XPS, not to mention that this edition will be the first one has a version in English and XPS.

Two big releases!

Two major releases already are or will be started. The 1st release has already finished developing the second begins on 1 February.

2. **BCM 2010** -- A big release this was in 2010.
3. **Journal 100%** -- The Journal 100% was only created thanks to partnership Club 100% with BCM 2010.
4. **Site BCM 2010** -- BCM 2010 release your own website.

5. **Site Club 100%** -- Club 100% release your own website.
6. **Website Cleber Matheus** -- Cleber Matheus some members of Club 100%, master BCM 2010 and master Blog Cleber Matheus, create your site.
7. **Blog Cleber Matheus** -- Later this year Cleber Blog Matheus changes to domain <http://clebermatheus.wordpress.com/>

Polemics

- **Confusion among members** - Remember the confusion of two members of the 100% Club, was the 1st 100% Journal of controversy.
- **Vandalism** - Remember the act of vandalism that occurred at the 100% Club, this could not miss, because it was the second thing that happened in the 100% Club.
- **Fall Poster** - remember it well.
- **Disappearance of the poster** - remember.
- **Rule confused** - remember?

Evolution of the Journal of the layout 100%

1. At issue was very simple only had the name of the newspaper and some news, as contained in page numbering.
2. In the second edition remains the same layout.
3. Appears in the index and the number is in the middle of the footer. Changes slightly the header.
4. Still the same layout.
5. Change the header and footer.

JOURNAL 100%

6. Language and adds a watermark color and also wins the header indicating the language of the Journal.
7. Adopts Brazilian Portuguese as default language and other development and English as default language.
